ARTICLE V
COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the property, hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in any deed or other conveyance, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and such costs of collection thereof, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest, costs and reasonable attorney's fees shall also be the personal obligation of the person or persons who were the Owner or Owners of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them. The HOA shall have the unilateral right to file a lien against any interest in any real property when assessments or special assessments remain unpaid after reasonable notice for said unpaid assessments has been provided, together with interest thereon and such cost of collection thereof, including reasonable attorneys fees, and said unilateral lien shall be filed with the Recorder of Deeds of Jackson County, in the event the annual or special assessment are not timely paid.

Section 2. Purposes of Assessments. The assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the residents in the Property and in particular for the improvements and maintenance of the Property, including, but not limited to, the payment of taxes and insurance on the Common Area, repairs to, replacement of and additions to the Common Area, for the cost of labor, equipment, materials, management and supervision of the Common Area, and for the maintenance, repair purposes and services listed in Article V hereof, and for any other purpose which is necessary or desirable for the maintenance and improvement of the Property and Common Area, or which is of general benefit to the Owners and occupants.

Section 3. Basis and Maximum of Annual Assessments. Until January 1, 2015, the maximum annual assessment shall be Two Hundred Dollars (\$250.00) per Lot.

(a) From and after January 1, 2014, the maximum annual assessment may be increased effective January 1 of each year without a vote of the membership in an amount equal to 100% of the rise, if any, of the Consumer Price Index (published by the Department of Labor, Washington, D.C.) between the months of July during the two immediately preceding calendar years. Any time such increase is declared, the increased annual assessment amount shall remain the maximum annual assessment until such time as a new maximum shall be established for a subsequent year.

(b) From and after January 1, 2014, the maximum annual assessment may be increased no more than \$100.00 in any one calendar year upon the affirmative vote of a majority of the Owners at any annual meeting or special meeting called for the specific purpose of reviewing the annual assessment maximum.

(c) The Board of Directors may, by action taken by the Board alone, fix the annual assessment at an amount not in excess of the maximum annual assessment.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy in any assessment year, a special assessment for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of members, regardless of class distinction, who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum for Any Action Authorized Under Sections 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. Written notice of any meeting called for the purpose of taking any action authorized under Section 4 shall be sent to all members not less than ten (10) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of

each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement and the required quorum at the subsequent meeting shall be one-half (2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 6. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to each Lot on the first day of the sixth month following the original conveyance of each such Lot by Declarant or on the first day of the month next succeeding the granting of an occupancy permit for occupancy of completed improvements on such Lot, whichever shall first occur. The first annual assessment shall be prorated according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 7. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessments which are not paid when due shall be delinquent. If the assessment is not paid within thirty (30) days after the due date, the assessment shall bear interest from the date of delinquency at the rate of ten percent (10%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property, and interest, costs and reasonable attorney's fees of any such action shall be added to the amount of such assessment. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 8. Subordination of the Lien to Mortgages. The lien of assessments provided for herein shall be subordinate to the lien of any first mortgage or first deed of trust. Sale or transfer of any Lot shall not affect the assessment lien; provided, however, that in the event of default in the payment of any obligation secured by such mortgage or deed of trust such subordination shall apply only to the assessments or installments thereof which shall become due and payable prior to the sale of such property pursuant

to a foreclosure of such mortgage or pursuant to power of sale under such deed of trust, or prior to a conveyance to the mortgagee or holder of the deed of trust in lieu of foreclosure. Such sale or conveyance in lieu of foreclosure shall not relieve such property from liability for any assessments or installments thereof thereafter becoming due nor from the lien of any such subsequent assessments or installments.

Section 9. Exempt Property. The following Property subject to this Declaration shall be exempt from the assessments created herein: (a) all properties dedicated to and accepted by a local public authority; and (b) Class B Lots until conveyed as provided in Article V, Section 6. However, no land or improvements devoted to dwelling use shall be exempt from said assessments.

Section 10. Sewer Fees. All fees associated with sewer services shall be paid to the City in accordance with the fee structure established by said City. Said fees shall include, but not be limited to, connection fees, monthly service fees, and maintenance fees.

Section 2. Conditions. No improvements, alterations, repairs, excavations, changes in grade or other work which in any way alters the exterior of any property or the improvements located thereon from its natural or improved state existing on the date such property was first conveyed in fee by the Declarant to an Owner shall be made or done without the prior written approval of the Declarant, so long as the Declarant continues to own any Lot within the Property except as otherwise expressly provided in this Declaration. No building, fence, wall, residence, or other structure shall be commenced, erected, maintained, improved, altered, made or done without the prior written consent of the Declarant, so long as the Declarant continues to own any Lot within the Property except as expressly provided otherwise in this Declaration. No application for approval of any of the foregoing shall be deemed to have been submitted unless and until detailed plans and specifications showing the plans for excavation and the

nature, kind, shape, height, color, materials, location and elevation of same shall have been submitted in writing to the Declarant.

Section 3. The Architectural Review Board. An Architectural Review Board consisting of three or more persons shall fulfill the functions of the Declarant, as set forth in this Article VI at such time as Declarant shall no longer own any Lot within the Property, or at such earlier time and to such extent as Declarant shall by assignment in writing voluntarily transfer to the Association the authority to make decisions concerning Architectural control. Such Board shall be appointed by the Board of Directors of the Association.

Section 4. Procedures. In the event the Declarant or the Architectural Review Board fails to approve, modify or disapprove in writing a properly submitted application within thirty (30) days after same has been submitted to it, in accordance with adopted procedures, approval will be deemed granted. The applicant may appeal an adverse Architectural Review Board decision to the Board of Directors, which may reverse or modify such decision by a two-thirds (2/3) vote of the Directors. No appeal may be taken from a decision of the Declarant.

ARTICLE VII USE RESTRICTIONS

Section 1. Use of Land. None of said Lots may be improved, used, or occupied for other than private single family residential purposes (except for model homes used by the Declarant or other Home Builders) and no flat or apartment house, although intended for residential purposes, may be erected thereon. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any portion of any Lot at any time as a residence, either temporarily or permanently. No modular, kit, or pre-manufactured home shall be erected on any Lot. No Lot may be improved, used or occupied for the purposes other than as provided by applicable zoning laws and restrictions filed of record in relation thereof. No more than one single family residence may be erected on any restricted Lot.

Notwithstanding any other provision of this Article, it shall be expressly permissible for the Declarant and its contractors and subcontractors to maintain, during the period of construction of any improvements upon any Lot, such facilities as in the sole opinion of the Declarant may be reasonably required, convenient or incidental to the construction of such improvements.

Section 2. Height Limitation. Any residence erected on any of said Lots shall not be more than two (2) levels in height, above ground, provided that a residence more than two (2) stories in height may be erected on any of said Lots with the written consent of the Declarant. The first floor above ground level must be at least 18" above the curb. The words "ground level" as used herein shall mean the ground elevation of a Lot when finish graded at the front of any residence as constructed on such Lot, extended on a plane from front to back of the residence.

Section 3. Minimum Size Requirements.

A. The following shall pertain to the following Lots: 347 thru 358; and LOTS 372 thru 374.

(The foregoing notwithstanding, the structure commonly referred to as a California Split[®] may have a minimum of 1,300 square feet on the first living level of the residence above ground level.) No residence with one and a fraction stories above ground level with an attached garage shall be erected having less than 1,100 square feet of enclosed floor area on the first level above ground level, but in no event shall contain less than 1,400 square feet of total enclosed floor area on both levels. No residence of two (2) full stories above ground level shall be erected having less than 800 square feet on the first level above ground level and an over-all minimum of 1,400 square feet of enclosed floor area combined on the two (2) levels above ground level. The words "enclosed floor area" as used herein shall mean and include areas of the residence enclosed and finished for all year occupancy, computed on outside measurements of the residence, and shall not mean or include any patio areas, basements, garages, carports, porches, breezeways or attics. The words "ground level" as used herein shall mean the ground elevation of a Lot when finish graded at the front of any residence as constructed on such Lot, extended on a plane from front to back of the residence. Pursuant to Article VI (2), above, no construction shall begin without the prior written plan approval of the Declarant, so long as the Declarant continues to own any Lot within the Property, or the Architectural Review Board, except as otherwise expressly provided in this

Declaration. No so-called APatio homes@ shall be permitted.

Section 4. Above Ground Pools Prohibited. No above ground swimming pools shall be erected, installed, constructed and/or maintained by an Owner on any Lot, other than an entirely portable and movable wading pool. Section 5. Building Lines. No dwelling or residence shall be located nearer to the front Lot lines or side Lot lines than as indicated on the recorded plat map. As is indicated on the recorded plat map, Declarant shall create a Landscape Buffer or Easement along all roadways within and adjoining the Subdivision. This Landscape Buffer or Easement shall be reserved for the planting of trees and shrubs to accent and beautify the Subdivision. The Declarant or the Homes Association shall be permitted access to said Landscape Buffer or Easement to initially plant or replace trees and shrubs, install and maintain an irrigation system, and perform any other tasks consistent with said beautification purpose. All costs associated with any landscaping improvements within said Landscape Buffer or Easement, shall be the sole financial responsibility of the Declarant or the Homes Association. Declarant reserves the right to permit the construction of a dwelling on said property on any Lot two feet nearer to any street line which abuts such Lot by executing and recording a proper instrument in writing changing the building setback line.

Section 6. Garages. Each residence shall have an attached private garage for not less than two (2) cars accessed from the front elevation of the house. Side, rear basement or below ground level garages shall not be counted as complying with or providing the garage area required by the preceding sentence, except in the case of a split or raised ranch house, in which case below ground level garages shall be counted so long as those garages are accessed from the front elevation, without specific written approval of Declarant or Architectural Review Board. The driveway on each Lot shall contain sufficient paved area for the off street parking of at least two (2) cars. All garages facing any street must be equipped with doors which shall be kept closed as much as practicable to preserve the appearance of the elevation of the house fronting on the street.

Section 8. Outbuildings Prohibited - Pool Houses Excepted. The construction, installation, erection, placement or maintenance of any garage, barn, storage shed or other outbuilding detached from a residential structure is prohibited without the prior written approval of the Declarant or the Architectural Review Board, following submission of written construction plans. Said construction plans must include roofing and side wall building materials which are consistent with and match the roof and side wall building materials of the finished house on the Lot in question. The construction of pool houses or gazebos or ornamental structures may be permitted, provided however, that any construction, erection or placement of same is approved by the Declarant or the Architectural Review Board in writing, following submission of written construction plans. All such outbuildings must be constructed upon a concrete slab.

Section 9. Hard Surfaced Driveways Required. Every residence shall at all times be served by a hard surfaced dust free driveway which shall provide access across the residence owner's property from a dedicated road to the residence's garage. Such driveway shall be paved with a concrete or asphalt or similar surface. No gravel, chat, fly ash, dirt or similar driveway surface shall be allowed.

Section 10. Fences. As set forth in Article VI hereof, all proposed fences must be submitted to Declarant or the Architectural Review Board in advance for approval in writing. A plot plan of the proposed placement shall be required, as well as all information concerning the height, materials, location, and dimensions of any proposed fence. The foregoing notwithstanding, the Declarant or the Architectural Review Board shall have the sole and unappealable decision-making authority as to any proposed fencing on any Lot.

Section 11. Commercial Activity Prohibited. No commercial activity of any kind shall be conducted on any Lot, but nothing herein shall prohibit the carrying on of promotional activities by the Declarant for the sale of new construction by the Declarant or other builders.

Section 12. Uncompleted Structures. No building shall be

No building shall be occupied until the exterior shall have been completed.

Section 13. Easements. Easements for installation and maintenance of utilities, landscaping, drainage facilities, and walking trail are and will be reserved by Declarant as shown on the recorded plat of said land. Such easements shall include the right of ingress and egress for construction and maintenance purposes. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements, or impede travel along a walking trail. The easement area of each Lot and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or utility company is responsible.

Section 14. Nuisances. No noxious or offensive activity shall be carried on upon any portion of the Property, nor shall anything be done thereon that may be or become a nuisance or annoyance to the neighborhood.

Section 15. Utilities. Water, gas, lights, telephone and other utilities shall be located underground on each residential Lot.

Section 16. New Construction. All residences and other buildings permitted hereby on residential Lots shall be initially new construction. No building shall be moved onto any of such Lots.
